Real Estate Logic

WE ARE THE PEOPLE'S AGENTS

There are reasons why orangewood and Earnhart's subdivision tracts are selling. We ask only the consideration of a visit to the properties and let the value of these tracts be judged by comparison with all (including the highest priced) property in Phoenix.

The half-mile circle in a short time will be the dominating factor in Phoenix business realty—already we can show you splendid investments and more to offer on our books.

For building lots we have some choice morsels. This we know because your money and reason demand a homesight of the discriminating kind.

Sugar beet lands with and without crop speak for themselves. We are the agents.
